PRIORITIZATION OF VTRANS MID-TERM NEEDS | CONTEXT AND SIGNIFICANCE

- Based on the CTB's direction, the Prioritized Mid-term Needs may be used to:
 - Inform VDOT and DRPT's investments in planning and project development activities
 - Develop of policies related to transportation programs and activities
 - Inform other programmatic or planning related functions
- Finally, local and regional planning agencies may utilize the prioritized Needs to inform local and regional planning efforts.

 - January 2020: [Resolution](#): Direction to prioritize the VTrans 2019 Mid-term Needs
 - May 2020: [Presentation](#): Approach for the Project Study Pipeline (Below)
 - July 2020: [Presentation](#): Approach for the Prioritization of the VTrans Mid-term Needs

PRIORITIZATION OF VTRANS MID-TERM NEEDS | STEPS

1. Define Geographical Levels of Prioritization

Establish criteria for aggregating VTrans Need Categories:

- **Commonwealth Prioritization:** Needs along Corridors of Statewide Significance (CoSS) and Safety Travel Markets (on COSS)
- **District Prioritization:** Needs within the Regional Networks (RN), Safety, and UDA (IEDA Access) Travel Markets

Statewide Prioritization (along COSS)

District Prioritization
